

**FROM THE OFFICE OF
SUMMIT COUNTY PROSECUTOR
SHERRI BEVAN WALSH**

**A MESSAGE FROM PROSECUTOR WALSH
SENIOR SAFETY
SEE ABUSE—REPORT IT!**

Crime comes in all varieties—from the violent murder to a scam taking thousands of dollars from the victim. That’s why each September I place additional focus on keeping our seniors safe. I have dedicated September as Senior Safety Awareness Month.

As I do throughout the year, I will be out and about in the community at events, educating as many senior citizens as possible about scams, criminal activity, and how to protect themselves and their home.

This information is vitally important to help keep people, especially seniors, safe. Recently, my office prosecuted Kelly Morris, a home-health aide who stole from an 85-year-old woman she was hired to assist. The 50-year-old Morris stole thousands of dollars from the elderly woman.

That is just one case. But many situations like that go unreported. Just one in 24 cases of elder abuse—physical, emotional, or financial—is reported. Whether it’s a person scammed into buying gift cards to pay off a debt, or they’re scammed by a stranger who knocks at their door offering a fake service, seniors are among the most vulnerable.

Seniors are reluctant to report they are a victim of a scam. Many are concerned about the embarrassment or might be afraid people will think they can’t live on their own.

- Do not answer a call if you do not recognize the number. Remember, no agency will collect money through gift cards.

We are here to say we can help.

“Protect Our Seniors – See Abuse, Report It - Your Reaction Makes A Difference” is our new public awareness campaign. Through billboards placed around Summit County, we will provide the community with contact information if

There are several scams which specifically target the elderly. The Grandparents Scam, IRS Scam, and Jury Duty scam are just a few examples.

Here are some tips to remember so you do not become a victim:

- Never send money or give out personal information such as credit card numbers, bank account numbers, dates of birth, or Social Security numbers to unfamiliar companies or unknown persons.
- Many scams involve victims purchasing iTunes Apple gift cards. Utilities and companies will not accept payment with iTunes Apple gift cards.

they suspect a senior they know is a victim.

Also, our new Senior Safety Calendars for 2020 are in for distribution. The calendars are full of information to help keep you safe. Our next FREE Women’s Self-Defense class is Thursday, September 19th from 6p-8p at Stow-Munroe Falls High School.

If you would like a calendar, or want to have someone from my office speak to your group, please call Megan at 330.643.7915 or email at mbogavich@prosecutor.summitoh.net

As always, stay safe.

AVERY'S CORNER

CRIME & PUNISHMENT

As summer winds down, I love hanging out with my human friends. Especially when I get to help someone. I'm sitting here with one of my new friends who came to court because something bad happened to her.

I'm glad I was able to spend time with her and help her through what happened.

Some of my favorite humans are the little, itty bitty ones. His mom works at my office and stopped by. Looks like he found the perfect place to nap!

I got to meet a strange duck! I think his name is Webster. He works just down the street with a baseball team.

I wonder if he loves chasing balls as much as I do. Maybe we can swap jobs for a day!

Oh, I almost forgot. August 1st was my birthday! I'm 8 years old.

I got to celebrate with a lot of my human friends at work. And they even let me have some cake!

I can't wait to help as many people as possible.

TOP COPS

AKRON POLICE OFFICER JASON BECK

NOMINATED BY ASSISTANT PROSECUTORS CRISTIANA SIBLEY & MAUREEN WALSH

Our TOP COPS typically are recognized for their outstanding work in solving a crime and bringing a criminal to justice. This month is a little different. Our TOP COP is also being honored for his work in helping prevent crime.

We nominate Akron Police Officer Jason Beck as this month's TOP COP.

Officer Beck is the School Resource Officer at Akron's Innes CLC. Officer Beck is an outstanding School Resource Officer who works very hard on his cases.

Most recently, Officer Beck conducted a complete and thorough investigation regarding an assault at Innes CLC. Officer Beck gathered multiple witness statements, reviewed different surveillance footage and recovered a video of the assault from a student's phone. His hard work and thorough report saved us hours while preparing for trial. Additionally, the victim said Officer Beck always said hello and asked him how he was doing after the assault. These types of interactions leave a lasting impression on young people, and I am grateful that

Officer Beck works so hard to have positive interactions with students.

After speaking with many students who attend Innes, I have found that all speak highly of Officer Beck and his role in their lives at school. As a school resource officer, Officer Beck is sometimes the first law enforcement officer these children and their parents might meet. With his kindness and professionalism, he leaves a great first impression on those he encounters.

In a world where students might not always feel safe at school, Officer Beck goes above and beyond forming positive relationships with students and victims to help them feel safe and heard.

As this month's TOP COP, Officer Beck receives a gift card to The Peanut Shoppe. Thank you The Peanut Shoppe for your support of law enforcement.

**Great job and congratulations
Officer Beck!!**

WHY I'M A PROSECUTOR

TOM KROLL

Over the past year, the Summit County Prosecutor's Office has provided insight into how we approach our jobs by producing videos highlighting our assistant prosecutors.

"Why I'm A Prosecutor" gives our prosecutors the chance to tell their own story and why being a prosecutor is so important to them.

Assistant Prosecutor Tom Kroll, a supervisor in our Criminal Division, tells us why being a prosecutor is so important to him.

• WHAT'S THE BEST PART OF BEING A PROSECUTOR?

The best part of being a prosecutor is when you have a case where the victim puts their whole trust in you and you come out with a great outcome.

It's knowing that you made a difference and helped them through one of the most difficult times in their lives.

• WHY DID YOU BECOME A PROSECUTOR?

My career before going to law school was in social work. After law school, I had a few friends who became prosecutors. I realized that being a prosecutor involved a profession where I could be in the courtroom, try cases, and help people.

• WHAT'S THE MOST DIFFICULT PART OF BEING A PROSECUTOR?

It's the times that, despite someone putting their trust in you, and you putting your best effort into the case, the right outcome just doesn't happen.

You can watch Tom's complete video on our website, Facebook and YouTube page.

SUCCESSFUL CHILD SUPPORT SOLUTIONS

We fight for families! The Summit County Prosecutor's Office Child Support Enforcement Agency's "Child Support Solutions" was a huge success.

The 9th annual event assisted over 130 parents representing nearly 270 open active cases. The three-day event collected nearly \$24,000 in payments.

For the first time, Child Support Solutions offered "Dollar Days". For every one dollar paid toward past due support, the program waived one dollar of past due support owed to the State of Ohio. To take part in the agreement, the participant needed to make a minimum payment of \$100.

"My mission as Summit County Prosecutor is to fight for people. Whether you are a crime victim or someone who is supposed to receive child support payments, my office works hard to get them the help they need," said Prosecutor Walsh.

Prosecutor Walsh added, "Child Support Solutions Days is just one way we fight for families and get them the money they so desperately need. I'm so proud of my Child Support Enforcement Agency and its efforts to break down barriers which prevented people from paying child support".

Thank you to everyone who helped organize and took part in this event.
